

## **BE PERFECT**

If you become like children, for it is through your childlike heart, your childlike benevolence that you will bring to you all spiritual and temporal graces for your life. It is through these two Hearts, of His Son and Holy Mother, that you will be able to proceed quickly in life to recover that simplicity of heart that God wants from you. Yes, because it is in the simplicity of mind and heart that you will be able to reach that perfection that God asks of you. It is by accepting the holy mysteries, that God through your holy humility (I say holy humility, and I must write) manifests himself strongly to you and makes you understand his existence through concrete evidence. Through this test of withdrawal of your pride that becomes humility, that I manifest, and thus your humility becomes holy because you conform to the holy Laws of God.
