

THE PRAYER

Many speak of prayer, but few pray or at least pray constantly. Constant and unceasing prayer above all gives you spiritual but also material fruits. When you pray, give ear, but above all the ears of the heart, because I speak to you and instruct you. Often seem like your thoughts, but your God comes to your aid and tells you what is necessary for you, for each one of you. If you haven't yet made try, put yourselves to work even if you adore me, during worship listen to me, I always try to establish with you an interview, a relationship of confidence, but often you do not understand my words or if you hear them you do not take them into account. As much as I would like you to be more devoted, it will be necessary to pledge oneself for one's God, because the purification will be so "heavy" that only with God near to Me in the prayer can you benefit. Peace, joy, love, benevolence, counsel, fortitude, intellect, science, prayer, holy fear of God, these are fruits that you will be able to draw from holy prayer. Why holy? Because sanctifies you and brings you to the pacification of your whole being. It is then through this pacification that you will reach those fruits, which God gives to each creature that shows the will to walk with his God. Prayer purifies you and thus enables your soul and body to heal from all spiritual and physical evil. Be holy, as Holy is your Lord. Be joyful, your God solicits you, because it is through joy that you will have greater help in prayer. Without prayer, without intense prayer you cannot, you cannot reach to anything. Prayer and help, generosity, so much generosity, together with prayer, will conquer the Heart of God. Deliver it to My mother so that she may present it to the Father and to Me, and through the Holy Spirit may change the fate of every heart and plane of all humanity and cause peace to spread throughout the world. Finally, I recommend the prayer of the Rosary, which is a prayer that can be recited by anyone, because it is a simple prayer. The mysteries of St. Rosary recall the whole life of Jesus, including the public life. What joy it brings to the soul and body to recite the prayer of the Rosary, because in the prayer of the Rosary Mary is invoked and Jesus is prayed. The prayer of the Rosary moves Satan away. It is a prayer of intercession, of request that gives peace and joy to hearts and makes the prayer itself may reveal you to yourselves and enable you to understand in your hearts the mysteries of God, through the life of the divine Saviour. Every word of St. Rosary moves and moves the Heart of God, because this prayer is part of the Mystery, of God's plan for the salvation of every man.
